

Vishnu

Age: 23

Education: Computer science

Hometown: Hyderabad

Family: Orphan

Occupation: Software developer

"I live an active lifestyle .I would like to watch movies and web series but I just don't have the right platform to watch new trailers"

Goals

- To maintain and lead a healthy life.
- To reach greater heights and fulfill my dreams

Frustrations

- I would like to watch new movie trailers and stay updated.
- But i don't have the time to browse and watch them

Vishnu is a software developer with a busy and demanding schedule. He works in a startup with less facilities and needs that are required. He is more enthusiastic to learn and keep posted about the upcoming movie updates .but the main issue is less amount of time to fulfill his needs and enjoyment

Pavan

Age: 19

Education: cinematography

Hometown: Pune

Family: Single leaves alone

Occupation: Student

"I am undergrad .i want to balance my studies and entertainment "

Goals

- To set up a business and succeed in it.
- To lead a happy life hoping of optimistic future

Frustrations

- There is a thing which I want watch movies and understand cinematography
- But I don't have the correct platform for it

Pavan is a cinematographer who wants to know about new movies and its updates .and to categorize the technologies used which would help him to gain knowledge in film making and its techniques
